

Using a redundancy calculator

If you want to know what your statutory redundancy pay is likely to be, we recommend using [this](#) calculator on the .gov.uk website. Alternatively, it can be found at <https://www.gov.uk/calculate-your-redundancy-pay>

The Money advice Service also has a useful calculator [here](#) at <https://www.moneyadviceservice.org.uk/en/tools/redundancy-pay-calculator>

Each of these take around ten minutes to complete.

Remember – these calculators are only a guide, and should only be used as a general rule of thumb.

Remember – You can do these at home yourself if you like!
