

Baby costs calculator

The baby costs calculator can be found on the Money Advice Service website [here](https://www.moneyadviceservice.org.uk/en/articles/baby-costs-calculator) at <https://www.moneyadviceservice.org.uk/en/articles/baby-costs-calculator>

The calculator is very simple and completely interactive; feel free to play about with the slider, and discuss what the changes highlight with your adviser.

Your adviser may be able to help you print off results, or follow recommended links through the website.
